Spring 2005

ASBG Election Results!

By Linda Gallino

In a hotly contested race for student government president between Clark (Cam) Miner and Ashley Wilson, Cam won by 5 votes. Both candidates should be commended for making this a great election. They gave excellent speeches at the candidates forum yesterday, campaigned fairly and effectively, and created a lot of interest in student government and representation. In addition, even though the other races were not contested, many of next year's officers also addressed the student crowd and their remarks were enthusiastically received. Everyone did a great job!

The Associated Student Body Government Officers for 2005-06 are:

Clark (Cam) Miner—President
Brian Yaple—Vice-President
Tifini Linford—Treasurer
Sarah Salmonson—Social Activities Senator
Chrystal Zander—Publications Senator

The Sports and Clubs Senator position is still vacant.

CONGRATULATIONS GO TO ALL OF THEM AND A BIG THANK-YOU FOR THEIR SERVICE!

To the Winter Sun

There were on the morning of creation as many
 Angels on earth as there one day would be trees.
 They had flown here from the sun. Were sent by the sun
 To care for every form of life on earth. To watch over
 Whatever crawled from the sea. What slithered from
 Under rock. Every creature that moved around the
 Angels' feet. That walked or crept or scurried in their
 Shadow while the angels watched and sang.
 A million years went by. The sun rose and set.
 Tens of million years. The earth wobbled and spun.
 Seasons came and went. The angels put down roots.
 The creatures nested in the angels' hair and learned to
 Fly as the angels flew. Clung to their feathered limbs.
 Walked on two legs and on four between them where they
 Stood rooted. Forests of angels gave them shelter and food.
 Prayed to heaven to send the winter rain. The dark wind.
 They do not fear the flood or fire or ice. Do not forbid
 Their fruit. Never ceased to be a garden. They continue to
 Go down into the blind earth and raise their song to heaven.
 To be evergreen laurel and cedar. Juniper, spruce and yew.
 Or they give their fire back to the sky. Yellow, red, magenta.
 Alder, oak and maple. Cottonwood, willow. All their colors
 Thrown off. Their bare limbs a prayer. Rising, returning.
 The forest is a choir of angels rooted in the earth.
 Walk among them this winter day. Sing back the sun.

What's happening on Campus....

A Message from Your ASBG President...

Without a doubt, our tuition will once again go up. How much will it go up you are asking? Well, it is hard to say. There are a few factors that the level of increase is dependent on. For now, this has no connection with our fees. I can assure you that we are one of 17 community colleges that are facing this very issue. Oregon voters chose not to support the education system and now the students have to pick up the bill.

A right to vote is a powerful thing. It gives you the opportunity to express your values and personal beliefs in how you feel the direction of our nation and state should turn. When Oregon was given the opportunity to express its voice and concerns on how its schools should be supported, we either chose not to do it or failed to speak up. We "the students" now face repercussions of Oregon voters' decisions. We are looking at an increase of tuition between three to five dollars per credit hour.

Your cares and concerns do not have to go unheard. The tuition increase has not yet been decided on. The

voice of the student is valuable and does have an influence on our increase. All through this month and next there are several meetings that you are welcome to attend, and some are right here on our campus. Please bring me your concerns. Let your voice be heard.

In the cafeteria ASBG has posted a bulletin board that is updated daily on meeting times, locations and whether or not it is open to the public. Almost all of the meetings here at Clatsop Community College are open to the public. If there is an open forum it will be posted on the bulletin board as "Open Forum Meeting". If the meeting is not an open forum it will be posted "Open to the Public", and you will need to write down your concerns and bring them to an ASBG Officer to present them for you at the meeting. We still encourage everyone to attend these meetings. We need to not only be educated, but informed as well. Let your voice be heard, it may be the one that makes the difference!!!

If you think you can't make a difference because you are only one person, think again...

By Debby Buchanan

By uniting the voices of many concerned citizens around the world, organizations such as Defenders of the Wildlife, NRDC (National Resources Defense Council/BioGems), The Nature Conservancy, The Sierra Club, and countless other conservation groups are working together to make a powerful difference. Their goal is to rescue our global environment from the ravages of big business and political mismanagement, as well as the mindless waste and misuse of resources by corporations and individuals alike.

If you care about the earth, rest assured, you are not a lone voice in the wilderness. One voice, combined with enough others, equals serious political power.

In 2003 more than 85,000 concerned people signed petitions for BioGems to stop snowmobiling in Yellowstone. Many of these folks signed the petitions on-line, which only takes a few seconds. The sheer volume of public comments (including those petitions) was cited by the federal judge who ordered the Bush administration to revive a Clinton-era plan to phase out snowmobile use in Yellowstone National Park.

Other ways you can help conserve our resources for the future is to be conscientious about how you use them. Conserving water, electricity, gas, paper and other resources adds up. Recycling and, even better, reusing products, adds up, too. If enough people do it, the savings become significant. Awareness is the first step.

Linda Gallino Leaving

Our Dean of Student Services, Linda Gallino, will be leaving CCC this August. On behalf of the staff in Student Services, I would like to take this opportunity to say a sincere THANK YOU to Linda for her many years of dedication to the students and administration of CCC. Linda has given her heart and soul to her work at CCC. She has been a strong leader whose commitment, integrity, fairness, and honesty has benefited the entire institution. I believe her positive energy has personally touched everyone around her. Linda is truly an amazing individual who is admired and respected by her staff who will surely miss her leadership. THANK YOU, LINDA!!!
